To become insured, You must complete, sign, and submit an enrollment form to the Policyholder within 31 days of Your eligibility date.

Your insurance begins on the later of the following dates, but only if You are a member of an eligible class on the date insurance is to begin:

You cannot apply for insurance or for a change in Your insurance option at any other time.

If You are not a member of an eligible class on the date insurance is to begin, such insurance will begin on the first day of the policy month following Your entry into an eligible class.

When am I eligible for insurance for my dependents?

You must inform Kansas City Life and the Policyholder in writing when Your last dependent is no longer eligible. The Policyholder has forms available for this purpose. Kansas City Life will not give refunds or credits for Your payment toward the cost of insurance for Your dependents for any period before the later of:

- 1) the date Your last dependent's insurance ends; or
- 2) 90 days before the date Kansas City Life is informed.

Dependents acquired after Your coverage is effective.

Newborns are covered from the date of birth to the next premium due date that is at least 31 days after the child's birth. To continue coverage after this date You must request the coverage in writing and agree to make any required contributions.

All other dependents will be covered from the date of eligibility, if written request and payment of any required premium is submitted within 31 days.

Termination Provisions

When does insurance terminate?

Insurance under the Policy for You or Your dependents will end at 11:59 p.m. on the earliest of:

- 1) the date the Policy terminates;
- 2) the date the Policy is amended or changed to end the insurance for the class of eligible individuals to which You belong;
- 3) the date You cease to be a member of a class for whom insurance is provided;
- 4) the date that ends the period for which You last made any required payment toward the cost of insurance for You or Your dependents;
- 5) the date You cease to be actively-at-work as a full-time employee of the employer, if the Policy requires You to be actively-at-work except as provided under a covered leave of absence or temporary layoff;
- 6) the date Your dependents cease to be eligible;
- 7) the date, which You or Your dependent enters the Armed Forces, other than for reserve duty of 30 days or less.

If I terminate my coverage when will I be eligible to re-enroll in coverage?

Once You enroll in this coverage, You can't terminate Your vision coverage until the next Annual Enrollment Period. If You terminate Your vision coverage, You can't enroll again until the next Annual Enrollment Period. If Your insurance ends because You fail to make the required premium contribution, You and Your Dependents, if any, will not be eligible until the next Annual Enrollment Period.

Can my coverage continue while I am not actively-at-work?

The Policyholder may (but is not required to) consider You a member of an eligible class (and continue Your insurance) even though You are:

- 1) put on approved leave of absence;
- 2) temporarily laid-off and the Policyholder expects to call You back to work.

The Policyholder must treat all Insured Individuals the same for purposes of continuing insurance.

If Your insurance is so continued, it will end on the earliest of:

- 1) the date the Policyholder notifies Kansas City Life that You are no longer a member of an eligible class; or
- 2) the date that ends the period for which the Policyholder last paid the premium for You; or
- 3) the date that ends the maximum continuation period for which the insurance can be continued.

Benefits Payable

What benefits are payable?

Subject to all the terms of the Policy, we will pay for covered vision expenses incurred by You and Your Covered Dependents as shown in the Schedule of Benefits. Benefits will be payable after the Covered Person has paid any applicable Copayment. Benefits for certain covered vision expenses may be provided in the form of an Allowance.

We will provide the In-Network Benefits shown in the Schedule of Benefits for covered vision expenses incurred by Covered Persons if the examination is provided by or materials are purchased from an In-Network Provider.

We will provide the Out-of-Network Benefits shown in the Schedule of Benefits for covered vision expenses incurred by Covered Persons if the examination is provided by or materials are purchased

from an Out-of-Network Provider. You must pay the entire amount at the time of service, after which the Allowance will be reimbursed to You. There is no guarantee that the amount reimbursed will be sufficient to pay the cost of services or materials in full.

Services from an Out-of-Network Provider are in lieu of services from an In-Network Provider.

Are You required to get a Benefit Authorization?

A Benefit Authorization must be obtained before a Covered Person can use Plan Benefits from an In-Network Provider. When a Covered Person seeks Plan Benefits from an In-Network Provider, the Covered Person must schedule an appointment and identify himself/herself as a Covered Person under this policy so the In-Network Provider can obtain a Benefit Authorization from VSP. VSP shall provide a Benefit Authorization to the In-Network Provider to authorize the administration of Plan Benefits to the Covered Person. Each Benefit Authorization will contain an expiration date and must be used by the Covered Person to obtain Plan Benefits prior to the date the Benefit Authorization expires.

VSP shall issue Benefit Authorizations in accordance with the latest eligibility information furnished by the Policyholder and the Covered Person's past service utilization, if any. Any Benefit Authorization so issued by VSP shall constitute a certification to the In-Network Provider that payment will be made to In-Network Provider, irrespective of a later loss of eligibility of the Covered Person, as long as Plan Benefits are utilized prior to the Benefit Authorization expiration date.

Covered Vision Expenses

Subject to the Limitations and Exclusions, covered vision expenses include charges made by a Provider for the following vision care services while You or Your Dependents, if any, are insured for these benefits. The benefits payable under the Policy vary depending upon which Provider rendered the services.

Covered vision expenses include expenses for Eye examinations and Materials shown in the Schedule of Benefits.

Eye Examination

Comprehensive examination of visual functions and prescription of corrective eyewear.

Eye examinations from an In-Network Provider are subject to the Copayment shown in the Schedule of Benefits. The Covered Person must contact an In-Network Provider before an eye examination. The In-Network Provider will verify that person's eligibility for Covered Expenses with Us before the examination takes place. The Provider will submit the Covered Person's claim directly to Us.

Benefits under the Policy for eye examinations from an Out-of-Network Provider are payable up to the Allowance shown in the Plan Description or the actual charge for the eye examination, whichever is less. A Covered Person is responsible for any amount in excess of the Allowance.

Materials

- 1) Lenses – Glass or plastic single vision, lined bifocal, lined trifocal or lenticular. Polycarbonate lenses are covered in full for dependent children up to age 26.
- 2) Frames – If vision correction is recommended by a Provider, Covered Vision Expenses will include the fitting of eyeglasses and follow-up adjustments.
- 3) Contact Lenses – Elective Contact Lenses and Necessary Contact Lenses. Necessary Contact Lenses are prescribed by the Provider when a specific criterion is met to correct extreme visual acuity problems that cannot be corrected with regular lenses. Contact Lenses are provided in place of spectacle lens and frame benefits.

The above materials are subject to the Copayment for In-Network Benefits shown in the Schedule of Benefits.

Frames and lenses from an Out-of-Network Provider are payable up to the Allowance shown in the Schedule of Benefits for Out-of-Network Materials or the actual charge for the frames and lenses, whichever is less. A Covered Person is responsible for any amount in excess of the Allowance shown in the Schedule of Benefits.

Low Vision Program

Low Vision services are prescribed by the Provider when specific criterion is met for professional services for severe visual problems not correctable with regular lenses. Supplemental testing includes evaluation, diagnosis and prescription of visual aids where indicated. Benefits are payable up to the Allowance, subject to the maximum shown in the Schedule of Benefits for the Covered Vision Expense.

Limitations and Exclusions

What are the limitations and exclusions?

Benefits will not be paid for and the term "Covered Vision Expenses" will not include charges for:

- 1) Services and/or materials not specifically included in the Schedule of Benefits as covered Plan Benefits.
- 2) Plano lenses (lenses with refractive correction of less than $\pm .50$ diopter).
- 3) Two pair of glasses instead of bifocals.
- 4) Replacement of lenses, frames and/or contact lenses furnished under this Policy which are lost or damaged, except at the normal intervals when Plan Benefits are otherwise available.
- 5) Orthoptics or vision training and any associated supplemental testing.
- 6) Medical or surgical treatment of the eyes.
- 7) Contact lens insurance policies or service agreements.
- 8) Refitting of contact lenses after the initial (90-day) fitting period.
- 9) Contact lens modification, polishing or cleaning.
- 10) Services or materials furnished to a Covered Person before the Effective Date of the Policy or after the date a Covered Person's Insurance ends.
- 11) Services or materials obtained while outside the United States, except for emergency vision care.
- 12) Eye examinations or corrective eyewear required by an Employer as a condition of employment.

Coordination of Benefits ("COB")

This coordination of benefits (COB) provision applies to **this plan** when a Covered Person has health care coverage under more than one **plan**. **Plan** and **this plan** are defined here. If this COB provision applies, the order of benefit determination rules should be looked at first. Those rules determine whether the benefits of **this plan** are determined before or after those of another **plan**. The benefits of **this plan**:

- a) Shall not be reduced when, under the order of benefit determination rules, **this plan** determines its benefits before another **plan**; but
- b) May be reduced when, under the order of benefits determination rules, another **plan** determines its benefits first.

DEFINITIONS

Plan is any of these which provides benefits or services for vision care:

- a) Group insurance or group-type coverage, whether insured or uninsured. This includes prepayment, group practice or individual practice coverage. It also includes coverage other than school accident-type coverage.

- b) Coverage under a governmental **plan**, or coverage required or provided by law. This does not include a state **plan** under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act).

Each contract or other arrangement for coverage under (a) or (b) is a separate **plan**. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate **plan**.

This plan is the part of the group contract that provides benefits for vision care expenses.

Primary plan/secondary plan. The order of benefit determination rules state whether **this plan** is a **primary plan** or **secondary plan** as to another **plan** covering the person. When **this plan** is a **primary plan**, its benefits are determined before those of the other **plan** and without considering the other **plan's** benefits. When **this plan** is a **secondary plan**, its benefits are determined after those of the other **plan** and may be reduced because of the other **plan's** benefits. When there are more than two **plans** covering the person, **this plan** may be a **primary plan** as to one or more other **plans** and may be a **secondary plan** as to a different **plan(s)**.

Allowable expense means a necessary, reasonable and customary item of expense for vision care, when the item of expense is covered at least in part by one or more **plans** covering the person for whom the claim is made. When benefits are reduced under a **primary plan** because a covered person does not comply with the **plan** provisions, the amount of that reduction will not be considered an **allowable expense**. An example of these provisions is preferred provider arrangements.

Claim determination period means a calendar or plan year. However, it does not include any part of a year during which a person has no coverage under **this plan** or any part of a year before the date this COB provision or similar provision takes effect.

ORDER OF BENEFIT DETERMINATION RULES

GENERAL

When there is a basis for a claim under **this plan** and another **plan**. **This plan** is a **secondary plan** which has its benefits determined after those of the other **plan**, unless:

- a) The other **plan** has rules coordinating its benefits with those of **this plan**; and
- b) Both those rules and **this plan's** rules require that **this plan's** benefits be determined before those of the other **plan**.

RULES

This plan determines its order of benefits using the first of the following rules which applies:

- a) Nondependent/dependent. The benefits of the **plan** which covers the person as an employee, member or subscriber (that is, other than as a dependent) are determined before those of the **plan** which covers the person as a dependent;
- b) Dependent child/parents not separated or divorced. Except as stated in paragraph (c), when **this plan** and another **plan** cover the same child as a dependent of different persons, called parents:
 - i. The benefits of the **plan** of the parent whose birthday falls earlier in a year are determined before those of the **plan** of the parent whose birthday falls later in that year; but
 - ii. If both parents have the same birthday, the benefits of the **plan** which covered one (1) parent longer are determined before those of the **plans** which covered the other parent for a shorter period of time. However, if the other **plan** does not have the rule described previously in Rules, (i) or (ii) and if, as a result, the **plans** do not agree on the order of benefits, the rule in the other **plan** will determine the order of benefits.
- c) Dependent child/separated or divorced. If two or more **plans** cover a person as a dependent child of divorced or separated parents, benefits for the child are determined in this order:
 - i. First, the **plan** of the parent with custody of the child;
 - ii. Then, the **plan** of the spouse of the parent with the custody of the child; and
 - iii. Finally, the **plan** of the parent not having custody of the child. However, if the specific terms of a court decree state that one (1) of the parents is responsible for the health care expense of the

child and the entity obligated to pay or provide the benefits of the **plan** of that parent or spouse of the other parent has actual knowledge of those terms, the benefits of that **plan** are determined first. The **plan** of the other parent shall be the **secondary plan**. This paragraph does not apply with respect to any **claim determination period** or plan year during which any benefits are actually paid or provided before the entity has that actual knowledge.

- d) Joint custody. If the specific terms of a court degree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the **plans** covering the child shall follow the order of benefit determination rules outlined in paragraph (b), above.
- e) Active/inactive Enrollee. The benefits of a **plan** which covers a person as an Enrollee who is neither laid off nor retired are determined before those of a **plan** which covers that person as a laid off or retired Enrollee. The same would hold true if a person is a dependent of a person covered as a retiree and an Enrollee. If the other **plan** does not have this rule and if, as a result, the **plans** do not agree on the order of benefits, this rule is ignored.
- f) Continuation coverage. If a person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another **plan**, the following shall be the order of benefit determination:
 - i. First, the benefits of a **plan** covering the person as an employee, member or subscriber (or as that person's dependent); and
 - ii. Second, the benefits under the continuation coverage. If the other **plan** does not have the rule described here and if, as a result, the **plans** do not agree on the order of benefits, this rule is ignored.
- g) Longer/shorter length of coverage. If none of the previous rules determines the order of benefits, the benefits of the **plan** which covered an employee, member or subscriber longer are determined before those of the **plan** which covered that person for the shorter term.

EFFECT ON THE BENEFITS OF THIS PLAN

WHEN THIS SECTION APPLIES

This section applies when, in accordance with the Order of Benefit Determination Rules, **this plan** is a **secondary plan** as to one or more other **plans**. In that event the benefits of **this plan** may be reduced under this section. Other plan(s) are referred to as the "other plans" in "Reduction in this plan's benefits", immediately following.

REDUCTION IN THIS PLAN'S BENEFITS

The benefits of **this plan** will be reduced when the sum of:

- (a) The benefits that would be payable for the **allowable expense** under **this plan** in the absence of this COB provision; and
- (b) The benefits that would be payable for the **allowable expenses** under the other plans, in the absence of provisions with a purpose like that of this COB provision, whether or not claim is made, exceeds those **allowable expenses** in a **claim determination period**. In that case, the benefits of **this plan** will be reduced so that they and the benefits payable under the other plans do not total more than those **allowable expenses**. When the benefits of **this plan** are reduced as described previously, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of **this plan**.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts are needed to apply these COB rules. Kansas City Life Insurance Company has the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. Kansas City Life Insurance Company need not tell, or get the consent of, any person to do this. Each person claiming benefits under **this plan** must give Kansas City Life Insurance Company any facts it needs to pay the claim.

FACILITY OF PAYMENT

A payment made under another **plan** may include an amount which should have been paid under **This Plan**. If it does, Kansas City Life Insurance Company may pay that amount to the organization which made the payment. That amount will then be treated as though it were a benefit paid under **this plan**. Kansas City Life Insurance Company will not have to pay that amount again.

RIGHT OF RECOVERY

If the amount of the payments made by Kansas City Life Insurance Company is more than it should have paid under this COB provision, it may recover the excess from one or more of:

- a) The person it has paid or for whom it has paid;
- b) Insurance companies; or
- c) Other organizations.

Subrogation will not be allowed in any **plan** as distinguished from the rights to recovery.

Claim Provisions

How do I file a claim?

All claims for benefits should be submitted on Our forms. All claims for Out-of-Network benefits should be submitted on Our forms. You or the Provider should obtain claim forms from the Policyholder or Us. If We fail to provide You with claim forms within 15 days of Your request, You:

- 1) May submit Your claim in a letter stating the vision expense for which the claim is made.
- 2) Will be deemed to have complied with the requirements of the Policy as to proof of loss upon submitting, within the time fixed in the Policy for submitting proof of loss, written proof covering the occurrence for which a claim is made, and the character and the extent of loss for which a claim is made.

When are benefits payable?

Subject to written proof of loss, any benefits payable under the Policy will be paid within 30 days of Our written receipt of such proof of loss, or Our initial notice of decision of claim, if later.

All In-Network benefits will be paid directly to the Provider. Out-of-Network benefits will be paid to You unless You provide written authorization for payment to the Provider. Any accrued benefits unpaid at the time of Your death will either be paid to Your beneficiary or to Your estate.

When must a claim be filed to receive benefits?

Written notice of a claim must be given to Us within 180 days after the incurred date of the Covered Vision Expense or as soon thereafter as reasonably possible. Failure to give notice within such time shall not invalidate nor reduce any claim if it shall be shown not to have been reasonably possible to give such notice and that notice was given as soon as was reasonably possible. If an In-Network Provider is used, notice of claim will be given to Us directly by the Provider on behalf of the Covered Person.

No action at law or inequity may be brought to recover under the Policy before 60 days after proof of loss has been filed nor will such action be brought at all unless brought within three years from the end of the time allowed for furnishing proof of loss.

What notification will You receive if Your claim is denied?

If a claim for benefits is wholly or partly denied, You will be furnished with written notification of the decision. This written decision will:

- 1) give the specific reason(s) for the denial;
- 2) make specific reference to the policy provisions on which the denial is based;
- 3) provide a description of any additional information necessary to prepare a claim and an explanation of why it is necessary; and
- 4) provide an explanation of the review procedure.

What recourse do You have if Your claim is denied?

On any denied claim, You or Your representative may appeal to Us for a full and fair review. You may:

- 1) request a review upon written application within 180 days of the claim denial;
- 2) review pertinent documents; and
- 3) submit issues and documents in writing.

We will make a decision no more than 60 days after the receipt of the request, except in special circumstances (such as the need to hold a hearing), but in no case more than 120 days after the request for review is received. The written decision will include specific references to the policy provisions on which the decision is based.

COBRA CONTINUATION OF COVERAGE

(applies only to groups of 20 or more, as defined below)

What is COBRA Continuation?

It is a federal continuation of coverage requirement. Consolidated Omnibus Budget Reconciliation Act (COBRA) applies to any employer (except the federal government and religious organizations) who:

- maintains a group health plan; and
- normally employs 20 or more employees on a typical business day during the preceding calendar year.

For this purpose, "employee" means all owners, partners, and common-law employees (full-time and part-time).

Federal law requires that certain group plans allow qualified persons who would otherwise lose coverage under the plan as a result of a qualifying event, to elect to continue group health coverage after it would otherwise end.

See your Employer for details on this continuation provision. All compliance obligations under COBRA are the responsibility of the Employer and Employee.
