Dr. Barbara Belón, ELCA Coach/Author/Curriculum Writer +

# Partnership Objective

To provide life-enhancing coaching to ELEA member schools, center leadership, and staff, while simultaneously providing opportunity for ELCA coaches' growth through live coaching sessions.

A coach provides a "safe space" where the client can say anything →

A client can identify their current reality, clarify goals, and explore next steps →

Feeling stuck? A coach can get the client moving again →

A coaching session drives powerful questioning through deep listening →

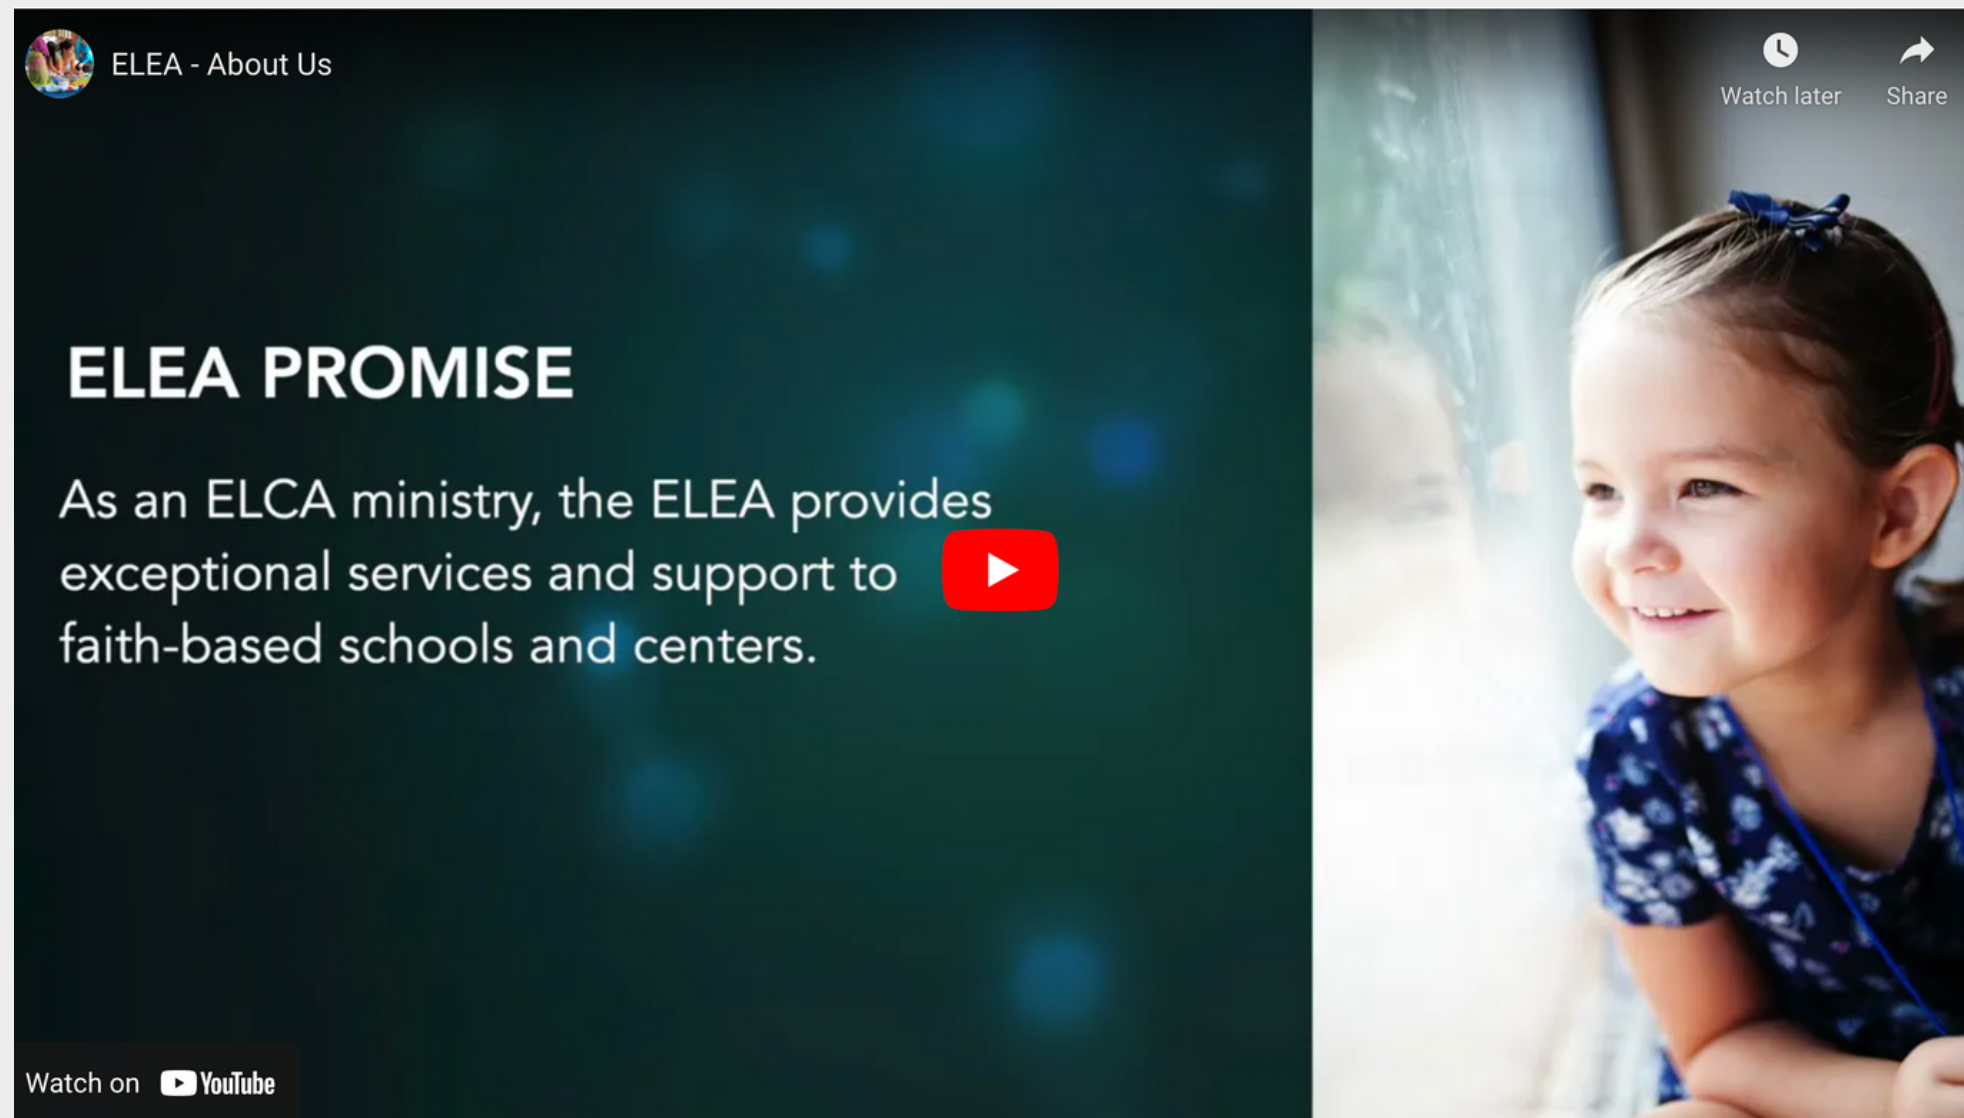

The singular objective of ELCA coaches is to help others within the church →
